SEO AUDIT SUMMARY

Site Health: 91%

- This is a solid score, close to the top 10% benchmark (92%).
- Indicates the site is technically sound with a few optimization opportunities.

Errors: 0 | Warnings: 148 | Notices: 3

- **No critical errors**, which is great.
- **148 warnings** need addressing – often these relate to minor issues like metadata, image optimization, or duplicate content.
- **3 notices** are usually low-priority but still worth reviewing.

Performance Score: 67 (Poor)

This is significantly below acceptable standards. Major improvements are needed.

RECOMMENDATIONS & ACTION PLANS

Technical Fixes:

- Address all **148 warnings**—start with meta descriptions, title tags, image alt attributes, and canonical tags.
- Ensure all images are compressed and follow seo guidelines.

Speed Optimization:

- **Compress all images**
- Install speed optimization plugins such as WP rocket, Seraphinite Accelerator

Content:

- Add more **optimized, keyword-rich content** (e.g., blog, FAQs)
- Ensure **mobile-first design** is prioritized
- Test mobile performance on real devices
- Ensure **keyword-rich title tags**, meta descriptions, H1s, and internal links are used across all service pages.

BACKLINK STRATEGY

Goal: Increase domain authority and referral traffic through high-quality backlinks.

- **Local Directories:** Submit listings to reputable local directories to improve local search visibility.
- **Guest Blogging:** Pitch articles to Faith-based blogs (e.g., Crosswalk.com, Relevant Magazine). Mental health websites. Parenting or marriage blogs. Topics like “Integrating Faith with Mental Health” or “Christian Approaches to Anxiety”
- **Partnerships:** Collaborate with local businesses and real estate agents for mutual backlink opportunities.
- **Internal Linking Strategy:** Build internal backlinks from blog posts to service pages to boost SEO and keep visitors on your site longer.

LOCAL SEO.

LOCAL SEO ENHANCEMENT

Objective: Dominate local search results to attract clients in specific service areas.

- **Google Business Profile:** Ensure accurate and complete information, including NAP (Name, Address, Phone number).
- **Local Keywords:** Incorporate geo-specific keywords like "Christian counseling in Charlotte NC" into website content.
- **Customer Reviews:** Encourage satisfied clients to leave positive reviews on Google and other platforms.
- **Citations:** Maintain consistent NAP information across all online directories.

**TECHNICAL &
ON-PAGE SEO.**

ON-PAGE SEO OPTIMIZATION

Objective: The objective of on-page optimization is to improve search engine visibility, attract more local traffic, and enhance user experience. By optimizing titles, meta descriptions, headers, keywords, and internal links, each page becomes more relevant to both search engines and users. This leads to higher rankings, increased engagement, and more qualified leads for services like faith-based counseling in Charlotte.

- Use a keyword-rich title tag like "Christian Counseling in Charlotte, NC | New Phase CCRC" to improve visibility in local searches.
- Write a concise meta description such as "Faith-based counseling in Charlotte to help you heal, grow, and restore hope."
- Include a clear H1 heading on each page, like "Faith-Based Christian Counseling in Charlotte, NC."
Organize content with H2 and H3 headings, for example, H2: *Our Services* and H3: *Trauma Counseling*.
- Naturally include keywords like "Christian counseling Charlotte NC" and "faith-based therapy" throughout the content.
- Add internal links to connect related service pages, blog posts, and the contact page to improve user navigation.
Use clean, keyword-focused URLs such as /christian-counseling-charlotte for better indexing.

ON-PAGE SEO OPTIMIZATION

- Optimize images by using descriptive filenames and alt tags like alt="Christian therapist Charlotte NC".
- Ensure your website is mobile-friendly with fast load times, readable fonts, and clickable buttons.
- Implement Local Business schema markup with your name, address, phone number, business hours, and a photo to enhance search engine understanding.

TECHNICAL SEO IMPROVEMENTS

Recommendations:

- **Site Speed:** Optimize images and leverage browser caching to enhance loading times.
- **Mobile Optimization:** Ensure the website is fully responsive and provides a seamless experience on all devices.
- **XML Sitemap & Robots.txt:** Implement and submit to search engines for better indexing.
- **Broken links fixing:** Fix any **broken links** and ensure all pages return proper status codes (e.g., 404, 301).

CONTENT STRATEGIES

Aim: Establish authority and provide value to potential clients through quality content.

- **Blog Posts:** Creating a blog that addresses topics such as mental health, faith integration, coping strategies, and personal growth can position New Phase as a thought leader in faith-based counseling.
- **Offer Educational Resources:** Providing downloadable resources, such as guides on managing anxiety or integrating faith into daily life, can serve as helpful tools for visitors and establish New Phase as a supportive resource.
- **Multimedia Content:** Engaging with the community through platforms like Facebook and Instagram can increase visibility. Sharing inspirational quotes, event announcements, and mental health tips can foster a sense of community and support.
- **Share Client Testimonials and Success Stories:** With appropriate consent, sharing stories of transformation can build trust and showcase the effectiveness of New Phase's services. These narratives can resonate with potential clients seeking similar support.

REPORTING.

MONITORING & REPORTING

Tools & Metrics:

- **Google Analytics:** Track website traffic, user behavior, and conversion rates.
- **Google Search Console:** Monitor search performance and identify indexing issues.
- **Backlink Analysis Tools:** Use tools like SEMrush to monitor backlink profiles.
- **Monthly Reports:** Provide detailed reports outlining progress, insights, and areas for improvement.

TIMELINE

- **Phase 1 (Month 1-2):** Website audit, keyword research, technical SEO fixes, Content creation (blogs, service pages), local SEO setup
- **Phase 2 (Month 3-4):** Develop and execute backlink acquisition strategies and enhance local SEO efforts.
- **Phase 3 (Month 5-6):** Focus on content creation, technical SEO improvements, and continuous monitoring.
