SEO AUDIT SUMMARY

Overall Site Health: 82%

- This is a decent score, but still 10% below the top 10% of websites (92%).
- Prioritizing improvements here will strengthen the site's technical SEO foundation.

Issues Breakdown:

- **Errors (8)** – Critical problems that require immediate attention.
- **Warnings (628)** – Medium-level issues that can impact performance if not addressed.
- **Notices (231)** – Low-priority recommendations.

Performance Score: 56 (Poor)

This is significantly below acceptable standards. Major improvements are needed.

RECOMMENDATIONS & ACTION PLANS

High Priority:

1. **Improve Page Load Speed (especially mobile):**

- Optimize images (likely too large or uncompressed).
- Implement lazy loading.
- Minify CSS/JS.
- Consider a faster hosting/CDN.
- Review server response times.

2. **Fix Critical Errors in Site Audit:**

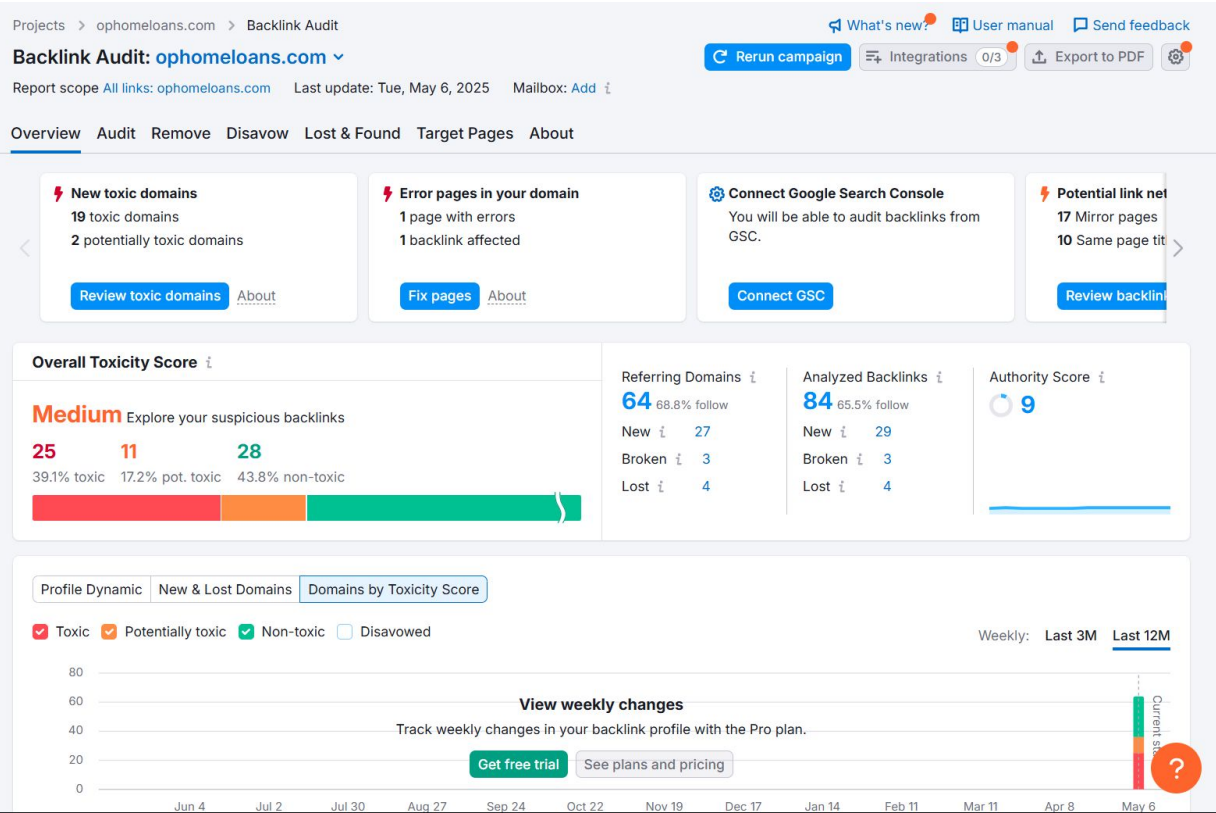

- Address broken links or pages.
- Resolve crawl issues.

3. **Internal Linking:**

- Strengthen linking between pages to improve crawl depth and ranking flow.

COMPETITOR ANALYSIS.

BACKLINK AUDIT

BACKLINK STRATEGY

Goal: Increase domain authority and referral traffic through high-quality backlinks.

- **Local Directories:** Submit listings to reputable local directories to improve local search visibility.
- **Guest Blogging:** Contribute articles to authoritative mortgage and real estate blogs to gain backlinks.
- **Partnerships:** Collaborate with local businesses and real estate agents for mutual backlink opportunities.
- **Press Releases:** Distribute newsworthy content to online PR platforms to attract backlinks.
